can stand before anyone”**

DGCs History

Daniel Gayou, ABC, CANS, LBS, MSc is the CEO of Daniel Gayou and Company, with over 25 years of experience as an owner, operator, and senior executive in the behavioral health industry. As CEO, Daniel brings deep expertise to DGC, overseeing operations and setting the company's strategic vision. His focus is on improving access to quality program management, project monitoring and evaluation, and providing innovative, evidence-based treatment for clients and families having provided various treatment interventions and modalities in the City of Philadelphia, New Jersey, Delaware and beyond in the past.

Daniel has led large, multi-state behavioral health companies, managing staff and budgets, working with cash, private, and public insurance payors. Daniel has advised private and institutional investors on mergers, acquisitions, due diligence, operational strategy, and improving treatment efficiency, especially for minority community in Philadelphia. Daniel is trained in Twelve-Step programs with outdoor adventures in a long-term treatment model for drug and alcohol patients, cognitive behavioral therapy, mental health and substance use disorder diagnosis and trauma-informed interventions. He is now focus on digital marketing and business consultancy thru DGC.
